

### **Scenario 1:**

Feature: Login functionality on Architect.

Given: I am a user.

When: I enter valid username in username field

And I enter the valid password in the password field

And I click the Log In button

Then I should be authenticated

And redirected to the home page.

### **Scenario 2:**

Feature: Add feed to Achitect.

Given: I am a user.

Given: I can log into Architect.

When: I click the New Feed button.

Then I should be brought to the new feed page

And I should be able to fill out the fields

And on clicking save feed, should have feed save.

### **Scenario 3:**

Feature: Logout functionality on Architect.

Given: I am a user.

When: I click the sign out button.

Then I should be logged out of Architect

And redirected to the login page

And my username and password should be blank.

### **Scenario 4:**

Feature: Upload feed on Architect.

Given: I am a user.

Given: I can log into Architect.

When: I click the Upload Feed button.

Then I should have a pop up display asking to select a feed file.

And I should be able to select a valid feed file

And on clicking ok, feed should save

And display in the feed list.
